

TECHNICAL DATA REPORT

HS 0812

STAINLESS STEEL POLISH **Cleaner and Polish for Decorative Metals**

DESCRIPTION:

STAINLESS STEEL POLISH is a water white, thin liquid with a pleasant odour.

PURPOSE:

To clean and polish metal surfaces without leaving a greasy or oily surface.

HOW TO USE:

Apply directly to areas to be cleaned with a trigger sprayer and polish with a clean cloth, or apply with a clean cloth and polish.

MAIN USERS:

Buildings where stainless steel, brass or bronze elevators are present and in restaurants and other areas which have metal surfaces to be cleaned and polished.

ADVANTAGES:

- 1) Leaves the surface clean, polished, and not greasy or oily.
- 2) Does not leave fingermarks.
- 3) Leaves a pleasant odour.
- 4) Easy to apply.
- 5) Biodegradable.

PRECAUTIONS:

Avoid contact with eyes, contains solvents. In case of contact with eyes, flush for 15 minutes with water and get medical attention. Can cause skin irritation, wear rubber gloves when handling material. Keep out of reach of children. Read Material Safety Data Sheet.

SPECIFICATIONS:
