## L'EXECUTIVE Very Mild Lotion Type Antiseptic Hand Soap

<b>DESCRIPTION:</b>	Yellow, thick, pearly lotion, containing bacteriostatic ingredients.
<b>PURPOSE:</b>	A mild, highly efficient bacteria destroying cleanser with excellent sudsing and fortified with emollients to aid in preserving the softness and smoothness of the skin. This product acts as an effective bactericide for the transient flora of the skin in a single application. Where control in the resident flora is desired, continued use of the product over a period of 48 hours will be required.
<b>HOW TO USE:</b>	To obtain general bacteriostatic activity, introduce 2 ml of L'EXECUTIVE Antiseptic Hand Soap to dry skin. Add small amount of water and work to desired suds level. Continue action for two minutes, rinse and repeat.
<b>PRINCIPAL USERS:</b>	Food processing plants, meat packers, restaurants, office buildings, industrial plants, car dealers, health clubs, medical buildings, hospitals, old-age homes, and wherever handsoap is dispensed.
<b>ADVANTAGES:</b>	<ol style="list-style-type: none"><li>1) Economical. A small amount needed.</li><li>2) Leaves hands smooth and soft.</li><li>3) Has a pleasant odour.</li><li>4) Is not corrosive.</li><li>5) Sanitizes hands.</li><li>6) Approved for Food Plant Use, file # P216 c2.</li><li>7) Biodegradable.</li></ol>
<b>PRECAUTIONS:</b>	Do not get in eyes. Read Material Safety Data Sheet.
