HS 1735

CC-10 CREME CLEANSER **Cleaner and Tarnish Remover for Plexiglass, Brass, Copper and Bronze**

DESCRIPTION:

CC-10 is an opaque, blue, thick liquid. It contains a mild abrasive and leaves a pleasant fragrance.

PURPOSE:

To remove tarnish from brass, bronze and copper easily and quickly without leaving a dull finish or imparting an offensive odour.

HOW TO USE:

HOCKEY ARENAS: Apply with a sponge, paint roller or brush. Brush the puck marks on the safety glass until they disappear. Rinse with water.

KITCHENS AND BATHROOMS: Apply with a sponge, using light pressure, to clean fibreglass, plastic, porcelain, Formica, chrome, tiles, stainless steel, appliance enamel, etc.

TARNISH REMOVAL ON METAL: Apply some **CC-10** to a sponge and clean surface by rubbing the tarnished area until the tarnish is removed. Wipe clean with a moistened clean cloth or sponge.

BRASS SURFACES: After tarnish has been removed and wiped off, apply **STAINLESS STEEL POLISH** directly to surface and polish with a clean cloth. The surface may be cleaned whenever required with **STAINLESS STEEL POLISH** and the tarnish removed only when required, perhaps on a monthly basis.

MAIN USERS:

Hockey arenas, apartment buildings, hospitals, hotels, motels, institutions, restaurants, health clubs, food processing plants, dairies, etc.

ADVANTAGES:

- 1) Easy to use.
- 2) Does not dull surfaces.
- 3) Leaves a pleasant odour.
- 4) Easy to rinse or wipe.
- 5) Biodegradable.

PRECAUTIONS:

Avoid contact with eyes, contains a mild abrasive. In case of contact with eyes, flush for 15 minutes with water and get medical attention. Can cause skin irritation, wear rubber gloves when handling material. Keep out of reach of children. Read Material Safety Data Sheet.

SPECIFICATIONS:

Colour	Blue
Density	1.38
Odour	Mild fragrance
pH	7.8
Phosphate	No phosphate
Biodegradability	Complete
