

TECHNICAL DATA REPORT

HS 2425

STAIN OUT Concentrated Liquid Bleach

DESCRIPTION:

Concentrated yellow/green liquid sodium hypochlorite solution.

PURPOSE:

Formulated to be used in general laundry applications where the extra destaining power of active chlorine is desired. This liquid product can be dispensed automatically and laundry workers do not have to come in contact with liquid bleach.

HOW TO USE:

As a laundry bleach or pre-soak: Use 125 ml per 100 kg of work for light soil and 125 - 500 ml for heavy soil. Do not use on natural silk, wool or nylon fabrics.

Do not mix with anything but water, especially do not mix with acidic products such as **MELROSE S & S, BLUE SOUR** or **IRON-OUT**.

MAIN USERS:

Wherever laundry is done - institutions, buildings, hotels, motels, restaurants, apartments, hospitals and industrial laundries.

ADVANTAGES:

- 1) Economical - use only 125 - 500 ml per 100 kg of work.
- 2) Fast bleaching action, even at low temperatures, eliminating pinholing.
- 3) Effective in up to 10 grains hardness.
- 4) Whitens and brightens.
- 5) Can be automatically dispensed.
- 6) Compatible with all other Melrose laundry products.
- 7) Easy to rinse.
- 8) Stable, long storage life.

PRECAUTIONS:

Avoid contact with eyes, contains active chlorine releasing agents. In case of contact with eyes, flush for 15 minutes with water and get medical attention. Can cause skin irritation, wear rubber gloves when handling material. Do not mix with anything but water, especially do not mix with acidic products such as **MELROSE S & S, BLUE SOUR** or **IRON-OUT**. Keep out of reach of children.
Read Material Safety Data Sheet.

SPECIFICATIONS:

Physical form	Yellow/green liquid
Odour	Chlorine
Chlorine content	10.5% minimum
pH (1% solution)	11.5
Solubility	Complete in hard or soft water
Biodegradable	Yes
