

TECHNICAL DATA REPORT

HS 2430

MELROSE S Liquid Fabric Neutralizer

DESCRIPTION:

Clear blue liquid blend of organic and inorganic acid neutralisers.

PURPOSE:

Formulated to bring the final pH of linen to the proper level to prevent fabric hardness and skin irritation. Will complex and render harmless any residual iron left in the fabric.

HOW TO USE:

Use 125 - 250 ml per 100 kg of work. Use concentrations should be adjusted to achieve a pH of 5.0 - 6.5 on the linen.

MAIN USERS:

Wherever laundry is done - institutions, buildings, hotels, motels, restaurants, apartments, hospitals and industrial laundries.

ADVANTAGES:

- 1) Economical - use only 125 - 250 ml per 100 kg of work.
- 2) Neutralizes residual alkali and complexes iron.
- 3) Strips hard water deposits.
- 4) Brightens colours, prevents yellowing and greying.
- 5) Can be automatically dispensed.
- 6) Compatible with all other Melrose laundry products.
- 7) Easy to rinse.
- 8) Soluble in cold water.
- 9) Biodegradable, does not contain zinc or magnesium.

PRECAUTIONS:

Avoid contact with eyes, contains mildly acidic components. In case of contact with eyes, flush for 15 minutes with water and get medical attention. Can cause skin irritation, wear rubber gloves when handling undiluted material. Do not mix with products containing active chlorine, such as **MELROSE DB**, **SNOW BRIGHT** or **STAIN-OUT**. Harmful if swallowed. Keep out of reach of children.
Read Material Safety Data Sheet.

SPECIFICATIONS:

Physical form	Clear liquid
Odour	Slight
Density	1.12
pH (Concentrate)	0.3 - 0.8
Solubility	Complete in hard or soft water
Biodegradable	Yes
