

TECHNICAL DATA REPORT

HS 4640

ENVIREAU Grease Trap Cleaner

DESCRIPTION:

Viscous amber liquid with an odour of oranges.

PURPOSE:

To emulsify waste greases and oils in grease traps and drains and make them easier to degrade in the environment.

HOW TO USE:

We recommend that treatment be carried out at the end of the working day.

INITIAL TREATMENT: Pour 1 to 2 litres of non-diluted ENVIREAU into the sink or drain closest to the trap, then run hot water 5 to 10 minutes.

DAILY TREATMENT: a) **MANUAL:** Pour 300 to 500 ml of ENVIREAU. b) **AUTOMATIC:** Use programmable pump to pump required volume direct into grease trap. Adjust day of week, time of day and volume according to operating hours and grease trap volume.

MAIN USERS:

Restaurants, institutions, hospitals, hotels, etc.

ADVANTAGES:

- 1) Masks and neutralizes obnoxious odours from grease traps.
- 2) Safe to use - made from natural sources.
- 3) Leaves a pleasant odour even when the grease trap is pumped.
- 4) Eliminates complaints from kitchen staff.
- 5) Use at very low rate - economical to use.
- 6) Will not affect BOD of waste.
- 7) Easy to apply, can be automated.
- 8) Biodegradable.

PRECAUTIONS:

Avoid contact with eyes, contains mildly alkaline detergents and aromatic solvents. In case of contact with eyes, flush for 15 minutes with water and get medical attention. Can cause skin irritation, wear rubber gloves when handling undiluted material. Keep out of reach of children. Read Material Safety Data Sheet.

SPECIFICATIONS:

Colour	Pale amber
Odour	Orange
Density	0.95 - 1.02
Solubility	Emulsifies in water
Flash point	80°C (T.O.C.)
Detergent Biodegradable	Yes
