

TECHNICAL DATA REPORT

HS 6120

R.M.D. **Red Meat Denaturant**

DESCRIPTION:

R.M.D. is a green coloured liquid with a strong odour of citronella.

PURPOSE:

R.M.D. is formulated to denature condemned carcasses and meat or meat products in red meat processing plants.

HOW TO USE:

R.M.D. is used sprayed undiluted on condemned carcasses, meat or meat products in red meat processing plants. Thus denatured, the meat is to be disposed of as tannage. This product will impart a green colour as well as a strong citronella odour to meat products to preclude their being confused with edible products.

PRINCIPAL USERS:

Red meat processing plants.

ADVANTAGES:

- 1) Safe to use and non-corrosive.
- 2) Non-toxic.
- 3) Biodegradable.

PRECAUTIONS:

Avoid contact with eyes and skin. In case of contact with eyes, flush for 15 minutes with water and get medical attention. Will stain skin, wear rubber gloves when handling material. Keep out of reach of children. Read Material Safety Data Sheet.
