## PRO-SCRUB 4 4% Chlorhexidine Digluconate Scrub Soap

**DESCRIPTION:**

PRO-SCRUB 4 is a viscous yellow liquid with a pleasant odour.

**PURPOSE:**

PRO-SCRUB 4 is used as an antiseptic scrub for personnel in operating rooms and in food processing plants. Due to its gentle nature it is also widely used in health clubs and nursing homes.

**HOW TO USE:**

Wet hands with water. Pour approximately 5 mL PRO-SCRUB 4 in palm of hand and spread over both hands and lower arms, rubbing thoroughly over all areas. Add a little water and develop suds. Rinse thoroughly under running water.

**WHERE TO SELL:**

Hospitals, nursing homes, veterinary clinics, health clubs, farms, restaurants, hotels, food manufacturing and processing plants such as bakeries, liquid beverage bottling plants, dairy industry premises (milk rooms on farms), canneries, slaughterhouses, meat-packing plants, and fish processing and packaging plants.

**ADVANTAGES:**

- 1) Contains the highly effective germicide, chlorhexidine, which kills Staphylococcus sp., Escherichia coli, Pseudomonas sp., Corynebacterium sp., Candida albicans and Bacillus sp.
- 2) Contains emollients and humectants, conditions skin.
- 3) Works in hard and soft water.
- 4) Extremely mild on the hands.
- 5) Biodegradable.
- 6) Produced under Health and Welfare Canada's Good Manufacturing Guidelines to help assure an uniform, quality product at all times.

**PRECAUTIONS:**

Avoid contact with eyes, contains mildly acidic detergents. In case of contact with eyes, flush with water for 15 minutes and get medical attention. Keep out of reach of children.  
Read Material Safety Data Sheet.
