C-3

Cattle Shampoo, Sanitizer and Deodorant

DESCRIPTION:

MELROSE C-3 is a concentrated liquid product containing an effective blend of quaternary ammonium compounds, surfactants, water conditioners, builders and soil suspending agents.

PURPOSE:

MELROSE C-3 is a quaternary ammonium compound based sanitizing cattle shampoo. It is also an excellent cleaner, deodorant and sanitizer for use in animal pens and stalls.

HOW TO USE:

SHAMPOOING OF CATTLE OR HORSES: Dilute MELROSE C-3 1 part to 60 parts water for washing cattle and horses. Hose down animals with clear water to remove loose soils. Scrub vigorously with a soft bristle brush and the MELROSE C-3 solution. Use a fresh bucket of solution for each animal. Rinse thoroughly by hosing with clear water to remove the loosened soils and then spray lightly with a fresh solution of MELROSE D-600 (diluted 1 part to 125 parts water) to provide residual bacteriostatic activity.

CLEANING PENS AND STALLS: Hose down area to remove droppings, litter, etc. Brush-clean woodwork, drinkers, feeders and floors, using a 1 to 25 dilution of MELROSE C-3. Rinse with clear water and spray area with a fresh solution of MELROSE D-600 (diluted 1 part to 125 parts water), wetting all surfaces, particularly those joists and crevices inaccessible to brush cleaning.

PRINCIPAL USERS:

Dairy farms, co-ops, cattle auction houses, agricultural research stations, veterinarians, riding schools, race courses.

ADVANTAGES:

- 1) Effective cattle and horse shampoo and sanitizer.
- 2) Use solutions are not irritating to animals' skin.
- 3) Generates no strong or irritating fumes or odours.
- 4) Leaves pelt clean, shining and odour free.
- 5) Concentrated for economy use.
- 6) Can be used on animals and their housing.
- 7) Biodegradable surfactants.

PRECAUTIONS:

Avoid contact with eyes, contains Quaternary Ammonium Chloride. In case of contact with eyes, flush with water for 15 minutes and get medical attention. Can cause skin irritation, wear rubber gloves when handling undiluted material. Keep out of reach of children. Read Material Safety Data Sheet.

SPECIFICATIONS:

Appearance Green liquid
Odour Slightly almond
pH (1 to 60) 8.5 - 8.9
