PRO-SKIN Skin Barrier Cream

DESCRIPTION:

PRO-SKIN is a white coloured foaming cream with a mild odour, containing special greaseless organic barrier forming compounds.

PURPOSE:

PRO-SKIN shields hands from irritation caused by contact with mild acids, epoxies, fibreglass, grease, tars, dirt, dyes, paint, oils, inks and other water and oil soluble chemicals.

HOW TO USE:

Clean hands with CREAMEX Waterless Hand Cleaner. Use a generous amount of PRO-SKIN on hands, rub hands together, working the product into pores and around the fingernails. A single application will protect the treated area for up to four hours. To remove use soap and water. If water is unavailable, use CREAMEX Waterless Hand Cleaner.

PRINCIPAL USERS:

Hospitals, print shops, contractors, industrial plants, institutions, garages, or anywhere hands or skin come in contact with soils or irritants.

ADVANTAGES:

- 1) Shield the skin from soils and irritants.
- 2) Excellent when working with small parts when gloves may be burdensome.
- 3) Allows the skin to breathe.
- 4) Contains lanolin for moisturizing.
- 5) Greaseless and quick drying.
- 6) Is not removed by water alone.
- 7) Available in aerosol or jars.

PRECAUTIONS:

Avoid contact with eyes, contains lanolin and propylene glycol. In case of contact with eyes, flush with water for 15 minutes and get medical attention. Keep out of reach of children.
Read Material Safety Data Sheet.

SPECIFICATIONS:

Colour	White
Odour	Mild
Biodegradable	Yes
